LETTER OF INTRODUCTION - INFORMATION

Dear Madam, dear Sir!

You must have been informed of the establishment and existence of the Peoples Democratic Party of Nigeria (PDP) in Austria? For those that are well informed we want to refresh your memory on the subject matter once again and for those who may not be aware, we respectively through this channel bring to your knowledge that PDP – Austria Chapter has been in existence as far back as in the year 2004 after it was duly and officially registered with the Headquarters in Abuja-Nigeria.

The Party has in nutshell actively participated and contributed in no small measures to the development of Nigeria politically, democratically as well as economically since its inception on one hand; The party is also instrumental to the successful election of our Executive President and Commander in Chief (C-in-C) of the Federal Republic of Nigeria President Umar Musa Yar'Adua on the other hand.

In addition, the chapter also produced during the last general election in Nigeria a Gubernatorial Candidate for Lagos State in the person of Mag. Dr. Adedeji Aganga-Williams, and Mr. Bamgbopa Wole Adekunle who contested for the house of representative in Oyo State, but as fate would have its way they failed in their bides to become either the Executive Governor of Lagos State or Honourable Member of Federal House of Representative respectively. In the same vein, the Party has been invited by the Headquarters in Abuja-Nigeria and also participated in two of three conventions since its establishment. The Chapter has furthermore, participated in several international and national (Nigeria) caucus meetings just to mention but few.

Having said that, the newly elected National Executive Committee during its recent Convention-Congress held on 13th of April month, has decided as one of its major Agenda to run an “open door policy”, canvass for prospective members and establishment regional chapters in all the regions of Austria as situation may demand, when and where necessary.

Pursuant to that,

- a) we call upon and also appeal to every Nigeria resident in Austria who is interested in promoting and nurturing democratic growth and civil government in Nigeria to come forward and join our great PDP Party,
- b) for any person who is politically interested and wants to work in Nigeria, the chapter could provide you with necessary political acumen and platform that may be of use for your future profession or carrier,
- c) the chapter is also looking for Nigerians who would wish to join other fellow Nigerians in Diaspora in the ongoing general reformatory process in Nigeria which was started by the former President Olusegun Obasanjo and able continued by our current President Umar Musa Yar'Adua,
- d) the chapter in addition, is seeking people of the same mind to chart with, disseminate vital information concerning our country to one another, on first class bases and for political and other vital deliberations that will improve the life and image of our people and country-worldwide,
- e) Finally, there are still some vacant offices to be occupied at the national headquarters in Vienna and we will be delighted if politically inclined, interested and serious minded persons could join the Party and eventually be elected to fill in the unoccupied positions.

Be that as it may, it is with pleasure to inform you that the under mentioned persons were elected as the new national executive committee during the recently concluded Convention-Congress in Vienna-Austria:
